EXECUTIVE SUMMARY

Taaleem foundation is operating a grammar school, a campus of Virtual University Lahore and VTI, with the strong CSR support of PPL. The entire premises is named as TF-PPL Educational Complex.

TF Grammar School has an enrolment of more than 850 students with over 30 members of faculty. The school is equipped with e-Learning platform and is having online classes for senior students of grades 9th and 10th. The school has recently been affiliated with the Federal Board for Matric classes. There is high demand for admitting more kids but due to limited capacity of classrooms, science labs, library and residential accommodation, new admissions are being refused.

The **VU Campu**s has so far enrolled 116 students during the past two years. Out of these 80 have qualified their training programs; 21 still actively engaged and the remaining students have deferred / frozen their semesters. All these active students appeared in their semester examination during the month of February 2020.

TF has undertaken an extensive marketing campaign for new admissions, identifying over 100 potential candidates for registration in Spring session (March 2020). Most of them lacked resources to pay for education and requested for scholarships by PPL.

TF-VTI has so far trained 110 qualified professionals through NAVTTC during the past two years, who are now certified by Balochistan Trade Testing Board. This is worth mentioning that the overall number of trained / qualified professionals in Balochistan province is just 207.

During December 2019, TF-VTI introduced some courses even without proper funding, on the basis of self-finance. This is a step forward towards the **sustainability** of this institute in the long run. Originally **45 women** enrolled in various paid courses, out of which 32 are still continuing as active trainees.

Major challenges pertain to future road map and cash flows availability for VU/VTI; infrastructure up-gradation for school; scholarships for higher education at VU campus and maintenance contract of solar power unit in the campus.

Introduction

Taaleem Foundation Educational complex in Sui comprises TF Grammar School, Vocational Training institute and Virtual University Campus. **Pakistan Petroleum Limited** played a vital role in developing this educational complex and till date is the single largest CSR partner of Taaleem Foundation. It has helped **Taaleem Foundation** establish Grammar school in Sui in 1994; and establishment of Vocational Training institute and Virtual University Campus in 2017. Primary purpose of this huge investment has been the economic empowerment of the local communities.

PRIVATE VIRTUAL CAMPUS OF VIRTUAL UNIVERSITY LAHORE

Brief on PVC OF VU

The Virtual University, Pakistan's first University based completely on modern Information and Communication Technologies, was established by the Government as a public sector, not-for-profit institution with a clear mission: to provide extremely affordable world class education to aspiring students all over the country. Using free-to-air satellite television broadcasts and the Internet, the Virtual University allows students to follow its rigorous programs regardless of their physical locations. It thus aims at alleviating the lack of capacity in the existing universities while simultaneously tackling the acute shortage of qualified professors in the country. By identifying the top Professors of the country, regardless of their institutional affiliations, and requesting them to develop and deliver hand-crafted courses, the Virtual University aims at providing the very best courses to not only its own students but also to students of all other universities in the country.

TAALEEM FOUNDATION established VU PVC Sui sponsored by PPL. To provide extremely affordable world class education to aspiring students of Sui Community having with well-equipped lab and dedicated internet connection. VU Campus Sui is provide higher education to students door step.

Mode of Education

The Virtual University uses a combination of video lectures, reading material, audio/video tutorials and on-line interaction (e-class rooms) for imparting knowledge. However, it follows a very formal assessment and evaluation system in the same fashion as used in any conventional higher education institution (HEI), the University observes the semester system, its students have complete flexibility to study at their own convenience, pace and place.

In the month of January Date sheet for Final Term Examination Fall 2019 launched. PVC Administrator & Social Mobilizer guide students via email and phone calls to make their date sheet online according to VU instruction who didn't paid semester

fee they can't make their date sheet. VU administrator & social mobilizer also inform students for fee submission before end date of date sheet.

VU Examination Mechanism

At the end of January 2020, the VU examination department emailed PVC Administrator for demo exam for upcoming final examination acknowledgement. Finally demo exam was conducted successfully and demo exam data was sent to VU Lahore via email.

After Demo exam, the VU emailed PVC Administrator for online inspection of IT Equipment's and servers & client machines. Finally they got online access to PVC & checked all materials related to exams like, Server machines, client machines, CCTV cameras, & backup of UPS for servers and they gave feedback that all was OK for upcoming examination.

PVC Lab

TF Monitoring Visit

During the month of February Mr. Hussain Aziz (Academic coordinator) and Mr. Suleman (IT support officer) from TF Head Office visited the campus for upcoming PVC Admission campaigns and IT Equipment's Inspections.

Mr. Hussain Aziz, along with PVC Administrator & Social Mobilizer, drove the campaign in different areas of Sui like Government schools, private schools and colleges. They also arranged awareness sessions in different schools & colleges for VU Admissions. Finally they convinced almost 100 candidates to get admissions in VU PVC Sui. Most candidates requested for need based scholarships.

Mr. Suleman checked all IT Equipment's in the presence of PVC IT officer and resolved some technical issues and recommended some IT equipment's repairing.

Pictorial Coverage of the Visit

PVC Exam Report

From 15th of February 2020, PVC Sui Final Term examination started. PVC staff conducted final term examination successfully and got exam data backup on daily basis from server and uploaded all Exams related data on the online exam portal of PVC on the given link https://campusexams.vu.edu.pk/Login.aspx

At the end of exams VU examination department demanded for all exams data backup on CD. IT Officer of PVC sent all exams related confidential data to VU Examination department of Lahore.

PPL Team Visit

During the month of February 2020, **Mr. Imran Noor** (SCDO PPL) and **Mr. Javed** Khokar (Principal, SMS&GC Sui) visited TF Educational Complex. They had detailed interaction with all the staff members of VU, including PVC Administrator Mr. Qadeer Ahmed, Mr. Hakim Ali (Marketing Officer/ Social Mobilizer), Mr. Abdul Rasheed (IT Officer) and Mr. Kashif (Solar & Electrical Technician). PPL team asked each official for their activities and work plan for PVC. PPL team also demanded the list of interested candidates for the upcoming spring 2020 admissions.

VOCATIONAL TRAINING INSTITUTE

Brief on VTI

TF has launched VTI campus in April 2017 at Sui with the PPL collaboration and successfully operating it. This VTI is registered through NEVTEC. A number of women are trained by this institution and supporting their families by earning their bread and butter through the skills learnt at VTI.

Key Objectives:

- To introduce competency-based training and assessment, therein the cooperative vocational training approach;
- To facilitate and improve women participation in economic activities by provision of demand-driven skills; and
- To support local economy by building capacities of trainees in establishing micro- enterprises and entrepreneurship.

Major Activities

January 2020	
Marketing	Home based workers were invited to VTI for exposure and awareness. Field visits for the purpose of awareness campaign regarding VTI basic courses
Initiative	TF has taken a new initiative of few basic courses (paid) in December 2019, which will continue till the month of April.
February 2020	
Marketing	During the month of February 2020, the TF Head Office staff comprising Mr. Hussain Aziz (Academic coordinator) & Mr. Suleman (IT support officer) visited Sui campus for upcoming Admission campaign. For this purpose, the management of TFEC had conducted different corner meetings with local Communities outside the campus and inside the campus and also disseminated the relevant information to the community.

FIELD CHALLENGES (VU and VTI)

- During 2019, some 110 candidates qualified the 6-month training courses of NAVTTC, and have qualified for TTB certification. Their award ceremony is held up for want of TOP MANAGEMENT of PPL to come and distribute the certificates to the successful participants.

- Salaries of the field staff in Sui have not been paid since October 2019, for want of release of funds from PPL Head Office.

- Lack of resources for future activities.

- Staff engagement plan for next 3 years needs to be finalized, subject to the consent of PPL.

- Non-availability of working capital for ope-rationalizing the production house in VTI, so as to afford an opportunity to our qualified professionals to get engaged in entrepreneurial activities in Sui.

- High demand for need based scholarships to encourage candidates for admission in VU.

- Need for immediate replacement of dry batteries for solar power unit in the campus
