7	Registration Activity	Fill registration form by willing faculty in upcoming vu admission	15 Minutes

Orientation Proceeding

1. Introduction

Students are the backbone of the school. The success of any plan for improving educational outcomes depends on the progress of the students. A student is the future of the country. It is he who has to take the responsibility of the country.

2. VU Introduction

The Virtual University, Pakistan's first University based completely on modern Information and Communication Technologies, was established by the Government as a public sector, not-for-profit institution with a clear mission: to provide extremely affordable world class education to aspiring students all over the country.

Using free-to-air satellite television broadcasts and the Internet, the Virtual University allows students to follow its rigorous programs regardless of their physical locations. It thus aims at alleviating the lack of capacity in the existing universities while simultaneously tackling the acute shortage of qualified professors in the country. By identifying the top Professors of the country, regardless of their institutional affiliations, and requesting them to develop and deliver hand-crafted courses, the Virtual University aims at providing the very best courses to not only its own students but also to students of all other universities in the country.

The Virtual University of Pakistan holds a Federal Charter, making its degrees recognized and accepted all over the country as well as overseas.

Virtual University outreach has reached over one hundred cities.

The University opened its virtual doors in 2002 and in a short span of time its outreach has reached over one hundred cities of the country with more than one hundred and ninety associated institutions providing infrastructure support to the students. Pakistani students residing overseas in several other countries of the region are also enrolled in the University's programs.

3. TFEC VU Campus

Virtual University Campus established by Taaleem Foundation at Sui is the key intervention for providing higher education through distance learning in the remotest part of the country. It is considered as one of the best examples of public-private partnership. Thanks to Pakistan Petroleum Limited (PPL) for providing support to launch this project and operationalize in 2017.

TFEC VU Campus is providing quality based education to the students of Sui. TFEC VU campus is facilitated with dedicated internet, updated computer lab with conference hall.

4. VU short courses

short courses

Eligibility Requirements

Candidate can read, write and understand English language and there is no restriction on age, gender and educational qualifications. Candidate can apply for admission to maximum four (04) courses during a semester.

Economics	Mathematics
English	Physics
Humanities Distribution	Probability & Statistics
Law	Psychology
Management	Sociology

5. VU Admission Schedule & Its Procedure

Schedule

Admissions are opened twice an academic year as spring and fall. Students are allowed to submit their applications in these sessions.

Spring	Fall
January/February	August/September

Admission Procedure

A candidate (Pakistani National) can obtain admission application form either from Virtual Campus or from VU website http://www.vu.edu.pk and apply for admission (subject to eligibility criteria) by submitting filled admission form with requisite documents including fee paid challan/Demand Draft (in original) to the nearest Virtual Campus or by mailing at Registrars' Office (Admissions), Virtual University of Pakistan M.A. Jinnah Campus, Defence Road, Off Raiwind Road, Lahore. Tel: 042-111-880-880, Ext. 342~348, 441~443.

Upon receipt of filled admission application form at Registrar's office, it is processed after necessary verification subject to admission eligibility criteria and candidate is intimated firstly through an email (if provided in admission application form). Secondly, via an email to his/her campus (incase campus based student) and finally, by mailing a hard copy admission offer letter and VU information material at his/her mailing address. A list of admitted candidates is also published and updated during admission session at VU website http://www.vu.edu.pk under admission link.

6. Mode of Education

The Virtual University uses a combination of video lectures, reading material, audio/video tutorials and on-line interaction (e-class rooms) for imparting knowledge. However, it follows a very formal assessment and evaluation system in the same fashion as used in any conventional higher education institution (HEI). Although, the University observes the semester system, its students have complete flexibility to study at their own convenience, pace and place.

The University's video lectures are developed by highly qualified faculty members or field experts in a complete digital environment and handcrafted at its own fully equipped recording studios. These lectures are then delivered through University's Learning Management System and its four free to air Television Channels (VTV1-4). Lectures are also made available over the Internet on YouTube, Dailymotion and the Virtual University's Open-Courseware site (http://ocw.vu.edu.pk). Although, the students can watch these video lectures at their own convenience, however the University suggests a "Time Plan" for guidance and better time management for studies during the semester. Students may also obtain the video lectures on DVDs from the University's online bookshop.

Complete student-teacher interaction and support is provided through the LMS

Complete student-teacher interaction and support is provided through the VULMS while semester examinations are conducted in a formal, proctored environment at designated examination centers throughout the country.

7. Question Answer Session

Question answer activity would be taken place to address the questions of the faculty.

8. Registration Activity

At the end of the session registration activity woiuld be held and interested teachers would fill their registration form.

Form is attached.
